## 2022 House of Delegates, Impressions From Your Delegates

The AOA House of Delegates met July 14-16 in Chicago. At the July 21st Board of Trustees meeting, Dr. Hanley and Dr. Wriston shared insights gained from the meeting.

Dr. Hanley described the differences between her experience as a medical student at HOD in the early 1990s and today. The students were very involved and well organized in the HOD. The students are struggling with high medical school debt, costs of audition rotations and their perceived need to take both COMLEX and USMLE.

Dr. Wriston reported that she came away from the AOA with a renewed pride in the profession. She was impressed with the AOA's inclusion of the students. The AOA revoked the charter of the American Osteopathic Society of Rheumatic Diseases.
